Awards and Acknowledgements

Dean's List • Cornell Animal Health Hackathon Top Twelve Projects

Activities

Cornell Chorale • Cornell Wushu

Jericho High School, Jericho, NY   Graduated 2016

Awards and Acknowledgements

AP Scholar with Distinction • Commended Student in the National Merit Scholar Program • Excellence in Multivariable Calculus

Projects

Coop Master • Spring 2017 Cornell Animal Health Hackathon • Swift

Made app tailored to small backyard chicken coop owners, allows users to log data relevant to flock health. Users can visualize input data through line graphs (SwiftCharts, imported via CocoaPods).

Click the Squares • Intro to iOS App Dev Final Project Submission • Swift

Made game where objective is for users to tap on as many randomly generated moving squares as possible in a minute.

Work/Volunteer History

Jericho UFSD Summer Tech Helper

Assisted in solving basic hardware issues, helped in the replacement of computer lab hardware and maintenance

Robert Purcell Marketplace Eatery

Worked as an employee, quickly learned a variety of roles to assist the dining hall when it was short staffed

Cold Spring Hills Center for Health & Rehabilitation

Helped to facilitate group events, aided in transporting people and alleviating pressure on the nursing home staff.
